

MOLINE'S SECTION OF THE ARGUS

MASHER IS GIVEN 40 DAYS IN JAIL

Frank Yiannoulis Arrested by Police After Following Girl in Streets for Two Hours.

IS UNABLE TO PAY \$200 FINE

Matt Zumar Pays Fine for Using Money Belonging to His Friend to Buy Ice Cream for Girl.

Frank Yiannoulis, arrested yesterday on a charge of annoying a girl on downtown streets, was today sent to the county jail to serve 40 days, in default of payment of a \$200 fine imposed by Magistrate Frank Gustafson. The man was arrested yesterday by Officer Lebert after he is alleged to have followed a young girl for nearly two hours. His trial was held late yesterday afternoon. Yiannoulis lives at Tenth avenue and Fifty-first street.

Because John Gregowitz objected to having his money spent by Matt Zumar to buy ice cream for a young lady, the latter was assessed \$5.05 in Moline police court this morning. The warrant was sworn out by Gregowitz and was the result of a fight in which the two men are said to have participated Sunday on Campbell's island.

The two men were seated in a swing when Zumar, according to the story told by Gregowitz, Matt said he would return the pocketbook and John believed that he would. Then Zumar went to East Moline, in company with a young woman, and is said to have purchased ice cream with Gregowitz' money.

A fight ensued when they met later in the day and a warrant charging assault and battery was sworn out by Gregowitz yesterday.

MOLINE OBITUARY

Ralph Anderson.

Funeral of Ralph Anderson, Moline young man who died in Detroit, will be held tomorrow afternoon at 2:30 in the home, 1107 Eleventh avenue. Burial will be in Riverside cemetery. Mr. Anderson is survived, in addition to his parents, by three sisters, Mrs. Flynn of Rock Island, Mrs. Morris Carlson of Moline and Mrs. Nelson of Detroit, and a brother Clark of Moline.

Neis C. Lindblom.

Funeral services for Neis C. Lindblom were held yesterday afternoon at 2:30 in the home, 1143 Fifth avenue, Rev. A. F. Bergstrom of the Swedish Lutheran church officiating. Burial was in Riverside cemetery. The Misses Wilhelmina Wistrand, Martha Severance, Ruth Brissman and Amelia Peterson sang, and pallbearers were E. Gustus, N. C. Nielson, John Olson, John Sundholm, John Holm and C. A. Krentz.

SPORT GOSSIP

When Bobby Bylund and Albert Francis meet in the main bout of the wrestling show to be staged tomorrow evening at Central park, Fifteenth street and Sixteenth avenue, Alec Bean, the Greek welterweight, will be on hand to challenge the winner. Alec just got in from the south, and will be in Moline until Friday, when he leaves to join the Worthen shows in Des Moines, Iowa.

For nearly a year Bean has been furnishing an athletic act for this big amusement company and this is the first opportunity he has had to visit in Moline. He has entirely recovered from the wound caused when he was shot down in Texas, and he is now laying plans for an active winter campaign in the wrestling game. The show will go into winter quarters in about five weeks and then Alec will again return to Moline to meet the winner of tomorrow evening's match. In event his challenge is accepted. He is particularly anxious to get another whirl at Bylund, over whom he was given a decision in the last match, when Bylund was injured. Before that time Bobby had beaten Bean in a straight fall, and he would like to have the opportunity to repeat. Should the two ever get together again the match no doubt will be a whirlwind affair and should have a large patronage.

LARGE FLAG IS HUNG IN CITY COURT ROOM

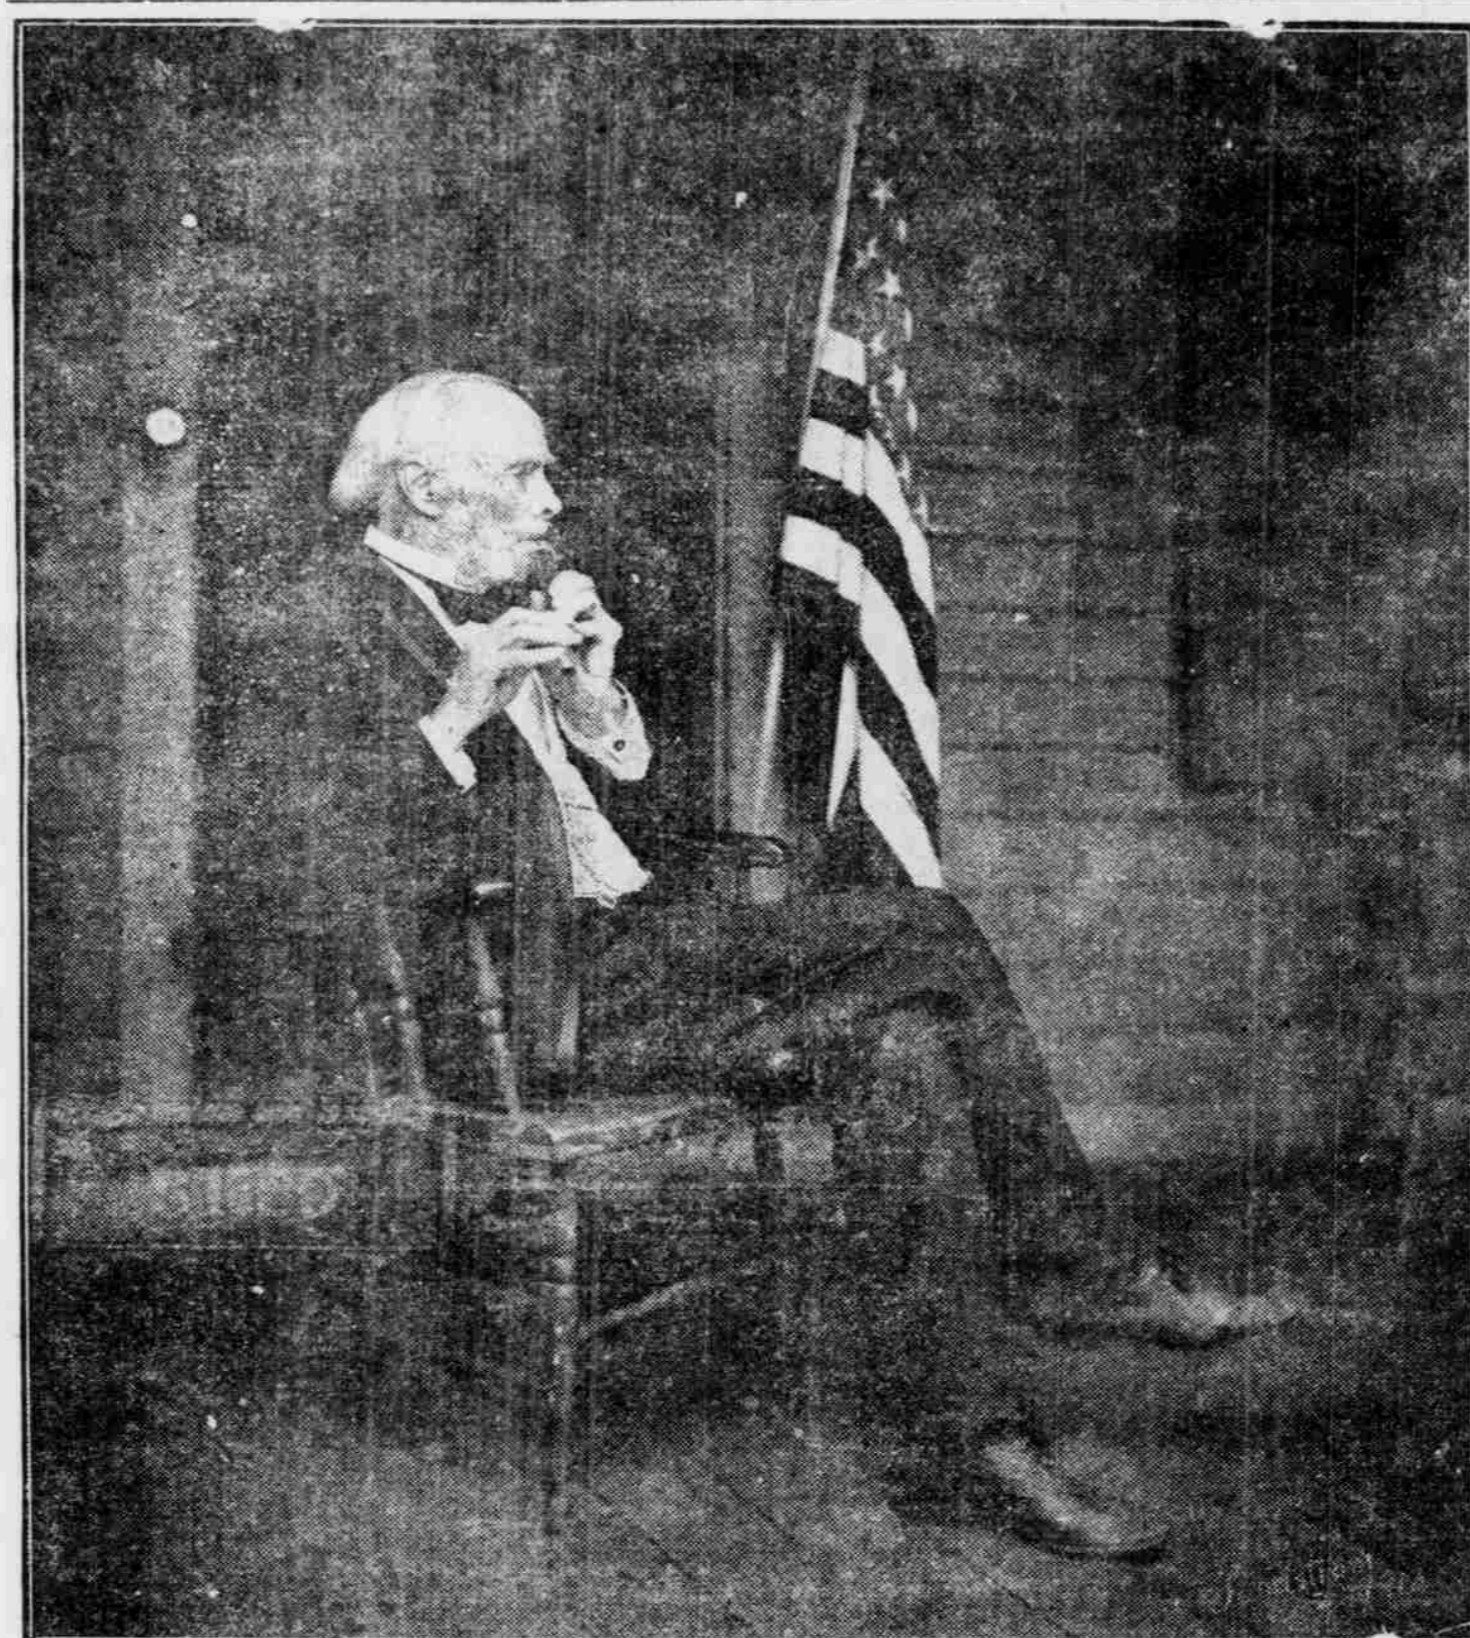

A beautiful American flag now adorns the west wall of the Moline city court room, the emblem having been presented this afternoon by the Eliza Garfield camp No. 22, Daughters of Veterans.

Keeping cool and happy in Summer is easy for the man who knows what to eat. Keep cool and comfortable by eating **Shredded Wheat Biscuit** with fresh fruit and green vegetables. Make Shredded Wheat your meat during the sultry days. It contains more real, body-building nutriment than meat or eggs. Serve with berries or sliced bananas or other fruits.

Made at Niagara Falls, N. Y.

THE LATE ANSON M. HUBBARD, COUNTY'S OLDEST RESIDENT

Old soldiers of Moline will pay a tribute to Deacon A. M. Hubbard, Moline's "grand old man," tomorrow morning when services are held in the home where Deacon Hubbard had lived for years, 1920 Eleventh avenue. All members of R. H. Graham post are requested to meet at the house at 10 to attend in a body. Rev. R. S. Haney will officiate at the services. Honorary pallbearers will be Rufus Walker Sr., L. E. Gaylord, J. C. Poole, C. H. Adams, P. S. McGlynn and Edward Harris, while active pallbearers will be L. M. Annan, H. W. Whitsett, F. A. Berglund, G. W. Gamble, C. R. Rosenborough and Harry Ainsworth. Remains will be laid to rest in Riverside cemetery.

CITY CHEMIST MAKES TEST OF ICE CREAM

Employees of Commissioner Abe Stouffer in the health department made surprise visits to local ice cream parlors last Wednesday where they took samples of ice cream delivered by various manufacturers. At the same time City Physician H. S. Bennett and Health Inspector Lamb were making inspections at the factories where the ice cream is manufactured.

All factories visited were pronounced sanitary and Commissioner Stouffer said this morning he was well pleased with conditions under which the cream is made. In the meantime samples of the ice cream taken at local ice cream parlors were tested by City Chemist Fritz. His report was given yesterday morning and it was found that in every case the ice cream was pure and not infected by any bacteria of a dangerous sort. In two instances he reported the cream was old. Per cent of butterfat was high in all cases, and the number of bacteria fairly low.

The report follows:
Barry dairy—Butterfat, 9.9 per cent; bacteria, 1,092,000; no harmful bacteria; condition of cream, fair.
Lagomarcino-Grupe company—Butterfat, 10.4 per cent; bacteria, 890,000; no harmful bacteria; condition of cream, good.
Olympic—Butterfat, 8.7 per cent; bacteria, 2,444,000; no harmful bacteria; old cream.
Sturtavent & Baker—Butterfat, 9.3 per cent; bacteria, 966,000; no harmful bacteria; condition of cream, good.
Davenport Ice Cream company—Butterfat, 9.6 per cent; bacteria, 1,800,000; no harmful bacteria; old cream.
Moline Ice Cream company—Butterfat, 10.1 per cent; bacteria, 1,100,000; no harmful bacteria; condition of cream, good.
Bell Jones—Butterfat, 10.3 per cent; bacteria, 1,300,000; no harmful bacteria; condition of cream, fair.

FOREIGNERS GIVEN GOVERNMENT TALKS

The state legislature and state government and their workings were explained to more than 100 foreigners, candidates for citizenship papers, in the old postoffice building last evening by Charles S. Roberts and Axel Kohler. The lectures were second in the course of citizenship training work recently started.

Attorney Roberts explained the workings of the legislature and various processes by which bills became laws, bringing out the fact that the people, through their representatives are, in reality, the ones who make the laws. The state government in detail, including the legislative, judicial and executive branches, was touched upon by Axel Kohler in his address.

O. F. Anderson presided over the meeting. Arrangements have been made for a mock examination, to be held in the courthouse in the near future. Result of the campaign to raise \$1,000 to secure a visiting nurse for East Moline, under direction of the same committee that is back of the naturalization work in Moline, will be given tomorrow evening, when a meeting of members of the Commercial club, Business Men's association and Women's club, all of East Moline,

will be held in the Commercial club rooms. It is desired that all interested citizens of East Moline attend the meeting of tomorrow evening.

Trouble Adjusted at Mills.

Dissatisfaction on the part of employees of the Republic Iron & Steel company, which arose a couple of weeks ago because of a clerical error in making out the pay roll, was adjusted within 24 hours after the walk-

out, and the plant has since been operating with a full working force.

PAVING OF ALLEY IS ORDERED BY COUNCIL

The city council has authorized the paving of the alleys between Eleventh and Twelfth avenues east of Eleventh street, 242 feet. Concrete is the material to be used and the job will cost approximately \$710.

TO SPEND \$25,000 FOR SCRAP DOCK?

Store Department of Rock Island Lines Recommends Building of Concrete Structure at Silvis.

WOODEN BINS ARE NOW IN USE

New Depository for Discarded Metals Would Be 1,500 Feet Long—May Be Completed By Spring.

Recommendations have been made by the store department at Silvis to heads of the Rock Island lines for building of a concrete scrap dock at Silvis for facilitating the handling of scrap of the system. It is proposed that the company tear down the wooden scrap dock which is now being used and build a concrete one 1,500 feet long, do away with the smaller docks along the road and make possible the handling of all scrap of the system at Silvis. The wooden dock now being used is 200 feet long. Recommendations also have been made to install two new Gantry type magnet cranes, each of 10-ton capacity. Two cranes are used at present. The improvement will cost approximately \$25,000 and is expected to be approved in time to have the work completed by next spring.

Under the present conditions too many cars are held longer than it would be necessary were the facilities for loading and unloading improved.

LOCAL INSTRUCTORS TOUR WEST IN AUTO

T. N. Jones and H. B. Aram, instructors at the Moline Manual Arts school, arrived in Moline yesterday after completing a three-month tour of the west in Mr. Jones' roadster. The two men traveled a distance of 5,796 miles—some of them over mountain tops and through snow storms; some of them down in tropical Mexico—but with the machine still in running order upon their return to this city.

The two auto "tramps" lived out of doors during the entire three months, sleeping under roof only a few times. Their equipment and fishing tackle—they don't say how many fish they caught, though—were carried on the rear of the car, as were two folding cots. A small army tent afforded shelter during the nights out.

The two men left Moline June 12, via the River-to-River road and Lincoln highway, going to Salt Lake City. From there they crossed the great American desert and made their way through Utah and Nevada.

TARGET EXPERTS TO COMPETE LABOR DAY

Members of the Tri-City Gun club are looking forward with pleasure to the big Labor day shoot to be held at the club's traps in East Moline, Sept. 4, the program to start at 10:30 in the morning. There will be two events, one of 100 targets and another of 50 targets,

entrance fees to be \$10 and \$5, respectively. Event No. 1 will be shot in strings of 25 targets. High guns on totals and \$2 optional sweep in each string. One money for each two entries on the 100, and one money for each two entries on the sweep.

Event No. 2 of 50 targets will be an Elliott sliding handicap. One money for each two entries. The club will add \$10 to high man on 150 targets; \$8 to second high man on 150 targets; \$5 to third high man and \$5 to low man on the two events.

Shooters who do not care to participate in the regular program may enter for targets only. All are invited to bring their friends. Shells and lunch may be had on the grounds.

Moline Society

Idlewyle club members did not hold the scheduled picnic yesterday, many of the members being still out of town and those at home being of many minds—a very limited number of minds turning to a picnic on a nice cool day. The young matrons will meet, however, on Thursday, when Mrs. Killing entertains members of the Tri-City Embroidery club and the Idlewyle girls—many of them daughters of members of the needle-craft club—at a noon picnic at her home. Plans for the next fortnightly picnic will then be made.

Dr. Harvey C. McMullen and Mrs. Lina Price Kennedy, both of Cambridge, were married at 10:30 this morning at the parsonage of the Second Congregational church, Rev. R. S. Haney, a schoolmate of the bridegroom, performed the ceremony and used the ring service. Attendants were Mr. and Mrs. G. G. Johnson of Cambridge, in whose car the bridal party came from their home town this morning, leaving after the wedding for a motor trip through Iowa. They partook of a wedding breakfast at one of the Davenport hotels and will make a leisurely trip to Des Moines to attend the state fair. The home will be in Cambridge, where the bridegroom is a dentist. The bride wore a handsome suit of blue with tailored hat.

Frances Willard W. C. T. U. met yesterday afternoon with Mrs. George McLeay, and most of the time was taken up with election of officers and official reports. Officers for the coming year:

President—Mrs. Rose Trevor.
Vice president—Mrs. Nellie Beatty.
Secretary—Mrs. Mae Brown.
Treasurer—Mrs. Clara Swanson.
Superintendent Mothers' meetings and white ribbon work—Mrs. Margaret McLeay.

Contest work—Mrs. Daniels.
Flower mission—Mrs. A. J. Pitman.
Scientific temperance—Mrs. Nellie Martin.
Press—Mrs. Naomi Shreve.
Suffrage work—Mrs. Mamie McCarl.
Evangelistic department—Mrs. Alice Cornwall.
Literature—Mrs. Margaret Zeigler.
Penal and reformatory—Mrs. Maizie Sutley.
Delegates to the convention, to be held in East Moline, will be named at the next meeting. The program for this county convention will be made out Friday. After the election there was a general discussion of the work.

EASTERN MAN TO DIRECT CAMPAIGN

Elmer F. Kester of New York City Will Engineer Effort of Y. M. C. A. to Increase Membership.

PLAN A WHIRLWIND CAMPAIGN

Dates Set for Work Are Oct. 10 to 11 Inclusive—May Compete With Rock Island Association.

Officials of the Moline Y. M. C. A. have secured Elmer F. Kester of New York City, a man of national reputation in the work of conducting membership and money-raising campaigns for civic organizations, to manage the whirlwind campaign which next fall is expected to swell the local association's membership to 1,500. Dates set for the effort are Oct. 10 to 11 inclusive.

An invitation has been received by Secretary C. B. Hall to enter the state contest, in which most of the larger cities of Illinois will compete. It is believed by local officials, however, that geographical location and natural rivalry of Moline and Rock Island would make a dual contest more effective.

Bringing of an eastern man here to manage the campaign is an innovation in the tri-cities. Last time an out-of-town manager was brought to Moline was when the campaign to raise \$125,000 for a new building was staged several years ago.

First annual business men's chicken fry will be held in the near future, it is announced. A meeting of the committee in charge will be held this evening and arrangements will be completed. The affair is to be a general association picnic, it is planned, with a program of sports and athletics, and an enormous chicken dinner at 4 in the evening.

SUIT IS INSTITUTED BY RATING COMPANY

Suit was filed in the city court yesterday by the United Agency, a corporation, which furnishes financial ratings, against the Western Pattern & Manufacturing company of Moline, to recover a debt of \$75 alleged to be owing the complainant company for a rating book and financial reports furnished to the defendant company.

Cockroaches Rats and Mice

Nothing is more disagreeable than a home infested with these pests. Destroy them with Stearns' Electric Rat and Roach Paste, the standard exterminator for over 37 years. Does not blow into food like powders. Ready for use. Directions in 15 languages. U. S. Government buys it. Sold everywhere. 25c and \$1.00. Stearns' Electric Paste Co., Chicago, Ill.
